City Attorney Lahman addressed commissioners, explaining that meetings had been held with the City's land acquisition professionals and there was discussion about what the easiest way would be to get the easements needed and would cause the least disruption in the landowners' lives. Realizing that this process could be stressful for the landowners, City staff wanted to try to set fewer meetings to complete the process. Approval of this resolution would allow the City Manager to utilize his \$50,000 limit, and where appropriate, provide the first check for the easements. Then the land acquisition professionals would meet with those affected to discuss the damage portion of the process, and once agreements had been reached, a second check would be issued. If these checks were under the \$50,000 limit, they would be signed by the City Manager, but any that would exceed that amount would be brought before commissioners for approval. Whether more or less than this \$50,000 limit, in the instances that the City

might want to acquire an entire property, instead of an easement only, this would be brought before the commission for ratification, and then to file with the appropriate district court.

This resolution was brought to commissioners to approve the process. Upon approval of the resolution and approval of the process, there were several acquisitions ready to consider for approval. It was noted that negotiations had not yet been started.

Brief discussion was held regarding the acquisition process.

Motion was made by Commissioner Janzen to approve a resolution authorizing the City Manager of Enid, Oklahoma to take all necessary action to provide payment for purchase of permanent and temporary easements and real property from landowners in connection with the Kaw Lake Water Supply Project.

Motion was seconded by Commissioner Ezzell, and the vote was as follows:

AYE: Commissioners Janzen, Norwood, Ezzell, Waddell, Wilson, Pankonin and Mayor Shewey.

NAY: None.

(Copy Resolution)

\*\*\*\*\*

Chief Financial Officer Erin Crawford spoke regarding a resolution that went along with the previous item, which had been presented by the City Attorney. It was projected in the budget, from the Oklahoma Water Resource Board (OWRB) Financial Assistance Program (FAP) loan, that there would be \$7.6 million available for easement acquisitions. Staff did not anticipate executing all of the funds by the end of the year, so they were bringing forward \$3 million, for now, to work with. If more was needed before that time, an appropriation would be brought before commissioners.

It was noted that these funds were all currently available in an account to draw from, as needed.

Motion was made by Commissioner Ezzell and seconded by Commissioner Waddell to approve a resolution amending the 2018-2019 Water Capital Improvement Fund Budget by appropriating additional

funds in the amount of \$3,000,000.00 to increase the 2018-2019 appropriated amounts for the Water Capital Improvement Department, and the vote was as follows:

#### **SUBJECT:**

CONSIDER A SIDEWALK VARIANCE REQUEST FOR PROPERTY LOCATED AT 939 SOONER TREND ROAD.

#### **BACKGROUND:**

Sidewalks are required by Enid Municipal Code Section 10-6-1 when redevelopment or infill development occurs or when additions are added on property used or zoned as industrial. This property at 939 Sooner Trend Road is zoned I-2 Industrial and is where Legacy OFS Construction, LLC is located. The improvement is a 40 x 60 foot steel building. The variance is premised on the fact that there are no sidewalks in the surrounding area.

Variances are authorized pursuant to Enid Municipal Code Section 12-1-8 when it is determined that compliance with the regulation will cause undue hardship. The factors to consider include the special circumstances or conditions affecting said property.

MAPC approved the request for a variance on November 19, 2018.

#### **RECOMMENDATION:**

Consider variance.

#### SUBJECT:

CONSIDER A SIDEWALK VARIANCE REQUEST FOR PROPERTY LOCATED AT 3005 SOUTH VAN BUREN STREET.

#### **BACKGROUND:**

Sidewalks are required by Enid Municipal Code Section 10-6-1 when redevelopment or in fill development occurs or when additions are added on property used or zoned as industrial.

This property is zoned I-2 industrial and Kline Sign is located on the property. Kline Sign constructed a 714 square foot metal building for warehouse and storage. Mr. Kline requested the variance because there are obstructions, including a street light, water meter and a fire hydrant, on the north end of his property. Adding sidewalks adjacent to Van Buren would require relocation of the obstructions or adjustments in the sidewalk alignment to go around the obstructions.

Additionally, City staff has determined that to place ADA compliant sidewalks at this location would require the removal and regrading of both driveways which would add considerable cost to the project over and above the cost of the sidewalks alone.

Variances are authorized pursuant to Enid Municipal Code Section 12-1-8 when it is determined that compliance with the regulation will cause undue hardship. The factors to consider include the special circumstances or conditions affecting said property.

The MAPC reviewed the variance on November 19, 2018. For variances to receive approval from the MAPC they must receive a 3/4 vote of the membership of the commission or nine affirmative votes pursuant to Section 12-1-8(A)(4). This request received eight affirmative votes and one against.

#### **RECOMMENDATION:**

Consider variance.

REJECT ALL BIDS SUBMITTED ON NOVEMBER 13, 2018 FOR THE PURCHASE OF KITCHEN EQUIPMENT FOR THE NEW TERMINAL BUILDING BEING CONSTRUCTED AT ENID WOODRING REGIONAL AIRPORT.

Bids were recently solicited for kitchen equipment for the new Terminal building at the Enid Woodring Regional Airport. None of the bids that were received were completely consistent with the bid package, therefore, there is no low responsible bid to accept. One bidder did not guarantee the pricing in its bid. One bidder only bid on certain equipment, making it incomplete; and the final bid was for the equipment without necessary specifications.
