

Enid Woodring Regional Airport
1026 S. 66th Street
Enid, OK 73701

February 3, 2020

Mr. Chris Bauer
City of Enid Planning Administrator
P.O. Box 1768
Enid, OK 73702

Dear Mr. Bauer,

I have reviewed the Skeleton Creek Transmission line notice criteria letter dated 13 Jun 2019. The height of the transmission lines and towers, as proposed, will not interfere with Enid Woodring Regional Airport operations. The only risk this may cause would be from radio interference, and we do not hold any responsibility or expertise for that type of determination. However, since there is already a power station in the location proposed, we are assuming that it will not change the current outputs or potential interferences.

If you have any further questions or concerns, please contact me at (580) 234-5476 or send an email to dgurry@enid.org.

Sincerely,

A handwritten signature in black ink that reads "Deirdre M. Gurry". The signature is written in a cursive style with a large, stylized "D" and "G".

Deirdre M. Gurry
Airport Director
