The Naloxone training has been coordinated and scheduled for October 9, 2014. It is exciting because the Enid Police Department, Garfield County Sheriff's Department and the Enid Fire Department will all be attending. Gail Box and the Austin Box "12" Foundation will be providing the kits as well as lunch for the first responders training. The next step is to provide Naloxone kits to families of individuals on opioid medications.

Dena Patterson reported the special event had been postponed due to unforeseen circumstances.

There are new DEA guidelines concerning safe disposal of prescription medications. It is exciting because pharmacies will not be able to take back controlled substances. It will be interesting to see which pharmacies are willing and how this affects the long-term care and residential care facilities.

Meri Spurlock shared the Underage Drinking in Garfield County

The next Responsible Beverage Service and Sales Training will be held next Monday, October 13 at Blaze's BBQ, 2-5:00.

The 2M2L Training scheduled for Wednesday, October 28, 2014. It will be an all-day training for law enforcement. There will be a mock party so the law enforcement officers will have the opportunity to practice party dispersals.

The PreventionWorkz staff led the coalition in a discussion concerning the sustainability of the current strategies. Sean Byrne shared about the sustainability plan as well as the plan of action of an online survey so that representation of all members can be evaluated and surveyed.

Meeting adjourned at 11:00 am.
