BACKGROUND: This is a companion to items 12.3 and 15.1, and is considered every year for approval. The City of Enid encumbered \$9,997,453.11 as of June 30, 2014. These encumbrances were accounted for in fiscal year 2013-2014 but were not completed by June 30, 2014. These items were previously approved by the commission. This amount is lower than the previous year as many large capital projects have been completed or are nearing completion.

The money reserved for the encumbrances is still included in the fund balances of the respective funds and available for appropriation. The budget for fiscal year 2014-2015 does not include these encumbrances from the prior fiscal year, but only the budgeted expenditures for the new fiscal year. Therefore the rollover encumbrances as of June 30, 2014, must be appropriated according to the attached resolution.

The majority of the prior year encumbrances are for capital items in the General, Street and Alley, Capital Improvement, Street Improvement, Sanitary Sewer, Stormwater, and Water Capital Improvement funds. The attached listing of the prior year encumbrances is summarized by fund with detail.

BUDGETED ITEM: No. This is the budget amendment to increase funding for prior year encumbrances.

BACKGROUND: As a result of extending RWY 17/35 to the south, the instrument approaches will need to be re-designed. FAA requires an updated obstruction survey be conducted as the current survey is greater than five years old. Additionally, we had not anticipated the need to upgrade the localizer antenna and therefore had not conducted a field survey for its replacement/relocation. This amendment supports both of those actions. Total fee for this amendment is \$72,830.00, of which 90% (\$65,547.00) will be covered by an FAA grant.

BUDGETED ITEM: Yes.

FUNDING SOURCE: FAA Grant and Airport Fund.

ATTACHMENTS: None. Amendment is on file in the Office of the City Clerk.

BACKGROUND: This is a companion to items 8.4 and 12.4. The Commission previously approved proceeding with the condemnation of certain properties such as 25 Woodlands Drive between Cleveland Street and Oakwood Road along Willow Road to allow for the planned widening of the street. The three court appointed appraisers have completed their duties and have reported a total just compensation for the taking of this property of \$68,861.00 and the City must deposit this amount with the Garfield County Court Clerk to finalize the condemnation proceeding. The funds will be transferred from the Enid Municipal Authority fund to the Capital Improvement Fund fund using monies from the 1% sales tax account and paid out of CIF.

BUDGETED ITEM: No. This appropriates funds in the Capital Improvement Fund.

9.8 CONSIDERATION AND DENIAL OF TORT CLAIMS OF PATRICIA STEVENSON AND DEAN BARTH.

BACKGROUND: On June 30, 2014, Patricia Stevenson submitted a tort claim for personal injury for an unspecified amount. The claim alleged that she was hit in the head by a sign on the corner of Broadway and Independence Street. The sign was a spring sign, designed to sway, rather than blow over, in wind. It was being used by a contractor working downtown. The City Attorney investigated and found that the City was not liable as alleged because the City neither placed nor authorized the placement of the sign. The City Attorney finds no negligence on the City's part regarding this claim and recommends that the City deny the tort claim.

On July 2, 2014, Dean Barth submitted a tort claim for loss of personal property in the amount of \$20,000.00. The claim alleged that after an arrest in 2011, a ring belonging to the claimant was placed in evidence and subsequently lost by the Enid Police Department. In April of 2013, the claimant received a post card from the Enid Police Department which gave the claimant 10 days to pick up the ring. In September of 2013, long past the 10 day deadline, Mr. Barth attempted to claim the ring. The City Attorney investigated and learned that the involved members of the Police Department believe that the ring was destroyed along with other evidence in the cases against Mr. Barth. The City Attorney found that the City was not liable as alleged because the Enid Police Department had statutory authority to destroy or otherwise dispose of the ring 90 days after the disposition of charges for which Mr. Barth had been arrested and because Mr. Barth failed to claim the ring within the designated time.

-MAYOR AND BOARD OF COMMISSIONERS-

Mayor Shewey called the meeting to order with the following members present and absent:

PRESENT: Commissioners Janzen, Stuber, Timm, Wilson, Vanhooser and Mayor Shewey.

Staff present were City Manager Eric Benson, Assistant City Manager Joan Riley, City Attorney

Andrea Chism, City Clerk Linda Parks, Director of Engineering Services Chris Gdanski, Chief Financial

Mr. Gene Robertson presented a three-month old female Mixed Collie, available for adoption at

the Enid Animal Shelter.

A proclamation was read and presented proclaiming August 4, 2014 as "Jack Douma Day."

An update regarding Vance Air Force Base was presented by Mr. Mike Cooper, Military Liaison.

Mr. Cooper stated that coming out of the 1993 and 1995 Base Realignment and Closure cycles,

poor infrastructure at the Base and quality of life issues in the community had ranked Vance as the

worst of all Air Training Command (ATC) bases. Focus had been placed on those issues, and on areas

regarding land expansion and airspace protection, to now rank Vance as the best base in the ATC. He stated that from 2005 to 2014, that focus had changed to also include increased mission capability and reduction in costs. As a result, he stated that public to public partnerships, and public to private partnerships to coordinate services between the community and the Base were very important to save dollars and help offset costs for the Air Force. In closing, he spoke regarding his personal accomplishments since being named the Vance Development Authority's military liaison in 2006, and his role in helping to obtain over \$211 million in funding for military construction projects, and over \$13 million in State and Federal funding for local projects, to enhance and protect the Base.

Motion was made by Commissioner Wilson and seconded by Commissioner Janzen to approve a resolution amending the 2014-2015 Fiscal Year Budget for the City of Enid, by appropriating additional funds in the amount of \$9,997,453.11 to increase the 2014-2015 appropriated amounts for prior year encumbrances outstanding as of June 30, 2014, and the vote was as follows:

Discussion was held regarding an ordinance amending the Enid Municipal Code, 2014, Title 2, entitled "Finance And Taxation," Chapter 6, entitled "Fee Schedule," Article E, entitled "Utilities Fees And Charges," amending the Enid Municipal Code, 2014, Title 2, entitled "Finance And Taxation," Chapter 6, entitled "Fee Schedule," Article E, entitled "Utilities Fees And Charges," Section 2-6E-3 to allow for monthly rental of fire hydrant meters and setting a fee therefore; amending the Enid Municipal Code, 2014, Title 2, entitled "Finance And Taxation," Chapter 6, entitled "Fee Schedule," Article E, entitled "Utilities Fees And Charges," Section 2-6E-5 to adjust water rates to the current rate, provide for an annual increase in rates, to decrease the water rates for users outside of city limits, to the industrial and institutional user categories into the commercial category; amending the Enid Municipal Code, 2014, Title 2, entitled "Finance And Taxation," Chapter 6, entitled "Fee Schedule," Article E, entitled "Utilities Fees And Charges," Section 2-6E-6 to adjust sewer charges to current rates; providing for repealer, savings clause, severability, and codification.

Utility Services Director Scott Morris explained that the proposed ordinance would initiate a new base rate for larger meters; delete all language pertaining to multi-unit structures; add a rental fee of \$50.00 per month, plus water usage, for fire hydrant meters; strike out references regarding industrial and institutional accounts, to be renamed commercial accounts; increase the after hours fee from \$45.00 to \$75.00; and update rates in the current ordinance to current pricing. In addition, the proposed ordinance would increase water rates, based on the Guernsey Study, for the next five (5) years.

Concerns were voiced as to the effect the proposed rate increases would have on utility bills and the projected loss of revenue from the change in the base rates. Discussion was also held regarding the need to increase rates, based on the Guernsey Study, to invest in additional infrastructure to ensure that the City's future water needs were met.

Commissioner Vanhooser stated that he was okay with the portions of the ordinance that eliminated the multi-charging units, and the new rate structure based on meter size. However, he went on to say that the ordinance should be rejected and sent back for further review of the data in terms of the aggressiveness of the rate structure increase. He then presented his analysis of various residential and commercial billing scenarios based on the proposed rate increases.

Commissioner Vanhooser stated he would also like to explore the revenue that would be available for the Kaw pipeline, if approved by commissioners, after the water bond expired, adding that raising water rates was not the only source of revenue for building the pipeline. He then moved to reject the ordinance and bring it back after further study.

Motion was seconded by Commissioner Wilson.

Following further discussion, Commissioner Vanhooser amended his motion to table the ordinance for 30 days, and bring it back for reconsideration.

Motion was seconded by Commissioner Wilson, and the vote was as follows:

AYE: Commissioners Janzen, Stuber, Timm, Wilson, Vanhooser and Mayor Shewey.

Motion was seconded by Commissioner Janzen and the vote was as follows:
